MEMORANDUM FOR: BOARD MEMBERS

FROM:

Lee M. Thomas
Executive Secretary

SUBJECT:

Eighth Board Meeting

This is to confirm the change in date and location for the eighth Board meeting which was postponed because of a last minute conflict with a Presidential press conference.

The meeting is now rescheduled for January 12, 1983, at 4:00 to 4:50 p.m. in the Indian Treaty Room 474 of the Old Executive Office Building.

The agenda for the meeting remains the same. It is desired that the meeting will result in a general approval of a Plan of Action, allowing for last minute changes up to the time of preparation of the final draft.

Attached is a revised copy of the cost implications data associated with the Plan of Action. Last minute changes are incorporated, and the costs for the Food - Agriculture milestones requiring additional appropriations have been reinserted so that they may be discussed at the meeting. The cost implication data is divided into two sections. Section one includes costs which the agencies have said they would be able to absorb in their current and projected budgets. Section two includes costs which will require funding over and above the agencies projected budgets. The cost of the Civil Defense Program, as agreed to by OMB and FEMA, for fiscal years 83, 84 and 85 has been listed in section one, but has not been included in the totals. The Civil Defense Program costs have been excluded because unlike the other programs identified in this plan, the Civil Defense Program is a separate and identifiable line item in the FEMA budget.
